OTHERWISE CREDITED

Well here we are again, sorted those photographic memories, arranged them for your (hopeful) enjoyment, and certainly mine! Reviewed the layout, considered making you all wait for the 'Bumper Holiday Edition' that included the recent December 'pointscore' and kick bootie presso night, and thought better of it. At risk of your ire at having to wait 'yet again' for the most recent records of our collective exploits, I have decided to focus on getting this out!

The November pointscore started half hatched, we were there, but the waves weren't, so, after dragging myself down to the beach inhumanly early (for me), we called it off, and I retired, as a gentleman should, back to my snug home..

BUT! before we did, we turned the wheels of club bureaucracy as we were required to do, and held our AGM! After 5 absolutely dedicated years a significant portion of our committee was deciding to take a deserved rest, and bowing out. They wanted to rediscover what it was like to just turn up for a pointscore, and have, you know, fun!

I would like to take this opportunity to thank them all, the club would be nothing, literally, without the voluntary efforts of our members, and this time, Billy, Dale, Mark, Mal, Andrew Farrow, Lochy, Lumbo, and Greg, have put their energy into making all this paradise of long boarding possible for us!

Don't forget, that is how the best clubs work - the members step up for a stint, they colour it as they see best, and we keep growing, and we all touch and share that magic that is the combustion of surf stoke, and friendship. Then we fade back into the haze of soaking up the vibe! Pretty cool, even for an old hippy like me...

So, to pick up the story, we deferred the surfing part of the pointscore, and what a good idea that was!! Enjoy!

# november pointscore take two

Well guys,

The decision to move the pointscore forward a week really turned out to be a lucky one indeed, we had nice light south west to south winds mostly, with a little increase in strength just before lunch, and nice 2-3ft waves with mostly 4 man heats, very enjoyable for our last counting point score.

Unfortunately when you move a point score for any reason, it always disadvantages some who have other pre arrangements which clash with the new point score date.

Thank you to all who helped out, Andrew Wilson and Mal Robbo doing the heat draws and plenty of tallying during the day, along with Baz, Locky, and Youngy.

Mark Pavitt as always organised the food for the barby and cooked also, and was kind enough to bring the gear trailer along this month with Andrew Farrow having his knee replacement operation, we all wish Andrew a speedy and full recovery and hope fully see him back in the water in the new year.

Good to see Nathan back surfing this month at the point score and young Locky certainly is pushing the top surfers in the club now, and surfing very well, he just needs to finish all his manoeuvres off smoothly, not just the critical ones that he does mostly very well!

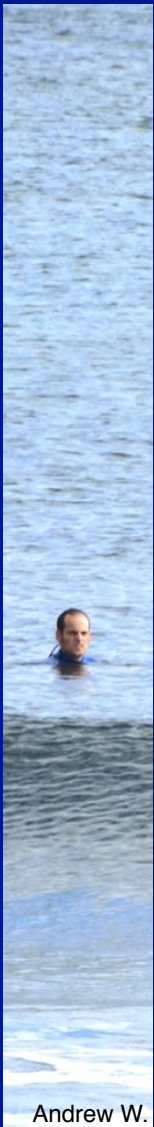

Thank you to all the guys who made trophies for the presso, Baz, Scotty, Jarrett, Glen and Dale.

As the year closes for us as a committee I want to thank everyone for helping out so much in many different ways since we took over the committee in August 2010 right through until now, its been our privilege to be your elected committee for the past 5 years.

*[Bill goes on to list the new committee, which I have moved to the last page for your edification. I would like to take the opportunity to thank him actually, as I have mentioned on the front page...Ed]*
